

2 for 1 Special!

Register Now!

The New Jersey Interagency Task Force on the Prevention of Lead Poisoning is offering a 2 for 1 registration special. Take advantage of this offer to attend the statewide Lead and Beyond: Progress in Eliminating Lead Poisoning and New Opportunities for Collaboration in New Jersey conference on April 16, 2010.

Come hear about ways to make your residence a Healthy Home to prevent children from being poisoned by lead and to minimize their exposure to other environmental toxins. Become familiar with the Lead Hazard Control Assistance Fund which assists home owners in accessing resources to make their houses lead safe. Learn about changes in federal regulations regarding the removal of lead. Become familiar with ways to develop protective public policies in your community.

Please spread the word!
